

INSTABILELAB

ART IN THE WALLPAPER

nelMezzodel3

nelMezzodel3

Instabilelab nasce percorrendo la strada della ricerca e dell'innovazione e in questo catalogo propone la propria sezione LAB dedicata a 3 progetti specifici: LIGHT+LIGHT, che arricchisce la stampa di un effetto luminescente per renderla visibile anche a luci spente, ART KITCHEN, carta in fibra di vetro di alta qualità, pensata per gli schienali della cucina, e infine BOOK ACCESS, una soluzione libreria unica che fonde decorazione e elementi d'arredo. La carta da parati diventa così massima espressione di progettazione e creatività.

Instabilelab was born along the road of research and innovation. In this catalog it presents its LAB division dedicated to 3 specific projects: LIGHT+LIGHT, which enriches the printing with a luminescent effect to make it visible even when the lights are off, ART KITCHEN, high quality fiberglass paper, designed for the kitchen backsplash and finally BOOK ACCESS, a unique bookcase solution that combines decoration and furnishing elements. Wallpaper thus becomes the ultimate expression of design and creativity.

light+light

light+light

Semplice e d'impatto, in questo progetto chi detta legge è la luce. Luce come effetto visivo che diventa protagonista quando l'ambiente si oscura. Al buio i soggetti di Light+Light rivelano la loro luminescenza creando un'atmosfera unica e inaspettata.

Simple and striking, in this project who dictates the law is the light. Light as a visual effect that becomes the main character when the environment gets dark. In the dark the subjects of Light+Light reveal their luminescence creating a unique and unexpected atmosphere.

Light **Magic Wand**

Dimensioni area luminescente. Bacchetta 2,5 x H 100 cm

Area Stampabile: 600 x H 400 cm

Note Tecniche. Le bacchette luminose possono essere spostate e/o eliminate ma non possono essere variate nelle dimensioni.

Le grafiche Light+Light possono essere stampate solo su supporti vinilici.

Luminescenza. Le aree ricoperte con vernice iridescente si caricano con la luce naturale o artificiale e permangono luminose al buio per un tempo variabile di 2/3 ore.

Luminescent area size. Wand 2,5 x H 100 cm.

Printable Area: 600 x H 400 cm

Technical Notes. The luminous wands can be moved and/or removed but cannot be changed in size.

Light+Light graphics can only be printed on vinyl supports.

Luminescence. Areas covered with iridescent paint are charged with natural or artificial light and remain bright in the dark for a variable time of 2/3 hours.

Light **Linee XL**

Dimensioni area luminescente. Spessore linea 3 cm

Area Stampabile: 600 x H 400 cm

Note Tecniche. Le fasce luminose possono essere spostate e/o eliminate ma non possono essere variate nelle dimensioni.

Le grafiche Light+Light possono essere stampate solo su supporti vinilici.

Luminescenza. Le aree ricoperte con vernice iridescente si caricano con la luce naturale o artificiale e permangono luminose al buio per un tempo variabile di 2/3 ore.

Luminescent area size. Line thickness 3 cm.

Printable Area: 600 x H 400 cm

Technical Notes. The luminous bands can be moved and/or removed but cannot be changed in size.

Light+Light graphics can only be printed on vinyl supports.

Luminescence. Areas covered with iridescent paint are charged with natural or artificial light and remain bright in the dark for a variable time of 2/3 hours.

Light **Linee M**

Dimesioni area luminescente. Fascia 1,3 x H 150 cm

Area Stampabile: 600 x H 400 cm

Note Tecniche. Le fasce luminose possono essere spostate e/o eliminate ma non possono essere variate nelle dimensioni.

Le grafiche Light+Light possono essere stampate solo su supporti vinilici.

Luminescenza. Le aree ricoperte con vernice iridescente si caricano con la luce naturale o artificiale e permangono luminose al buio per un tempo variabile di 2/3 ore.

Luminescent area size. Band 1,3 x H 150 cm

Printable Area: 600 x H 400 cm

Technical Notes. The luminous bands can be moved and/or removed but cannot be changed in size.

Light+Light graphics can only be printed on vinyl supports.

Luminescence. Areas covered with iridescent paint are charged with natural or artificial light and remain bright in the dark for a variable time of 2/3 hours.

Light **45**

Dimensioni area luminescente. Spessore fascia 2,5 cm

Area Stampabile: 600 x H 400 cm

Note Tecniche. Le fasce luminose possono essere spostate e/o eliminate ma non possono essere variate nelle dimensioni.

Le grafiche Light+Light possono essere stampate solo su supporti vinilici.

Luminescenza. Le aree ricoperte con vernice iridescente si caricano con la luce naturale o artificiale e permangono luminose al buio per un tempo variabile di 2/3 ore.

Luminescent area size. Band thickness 2,5 cm

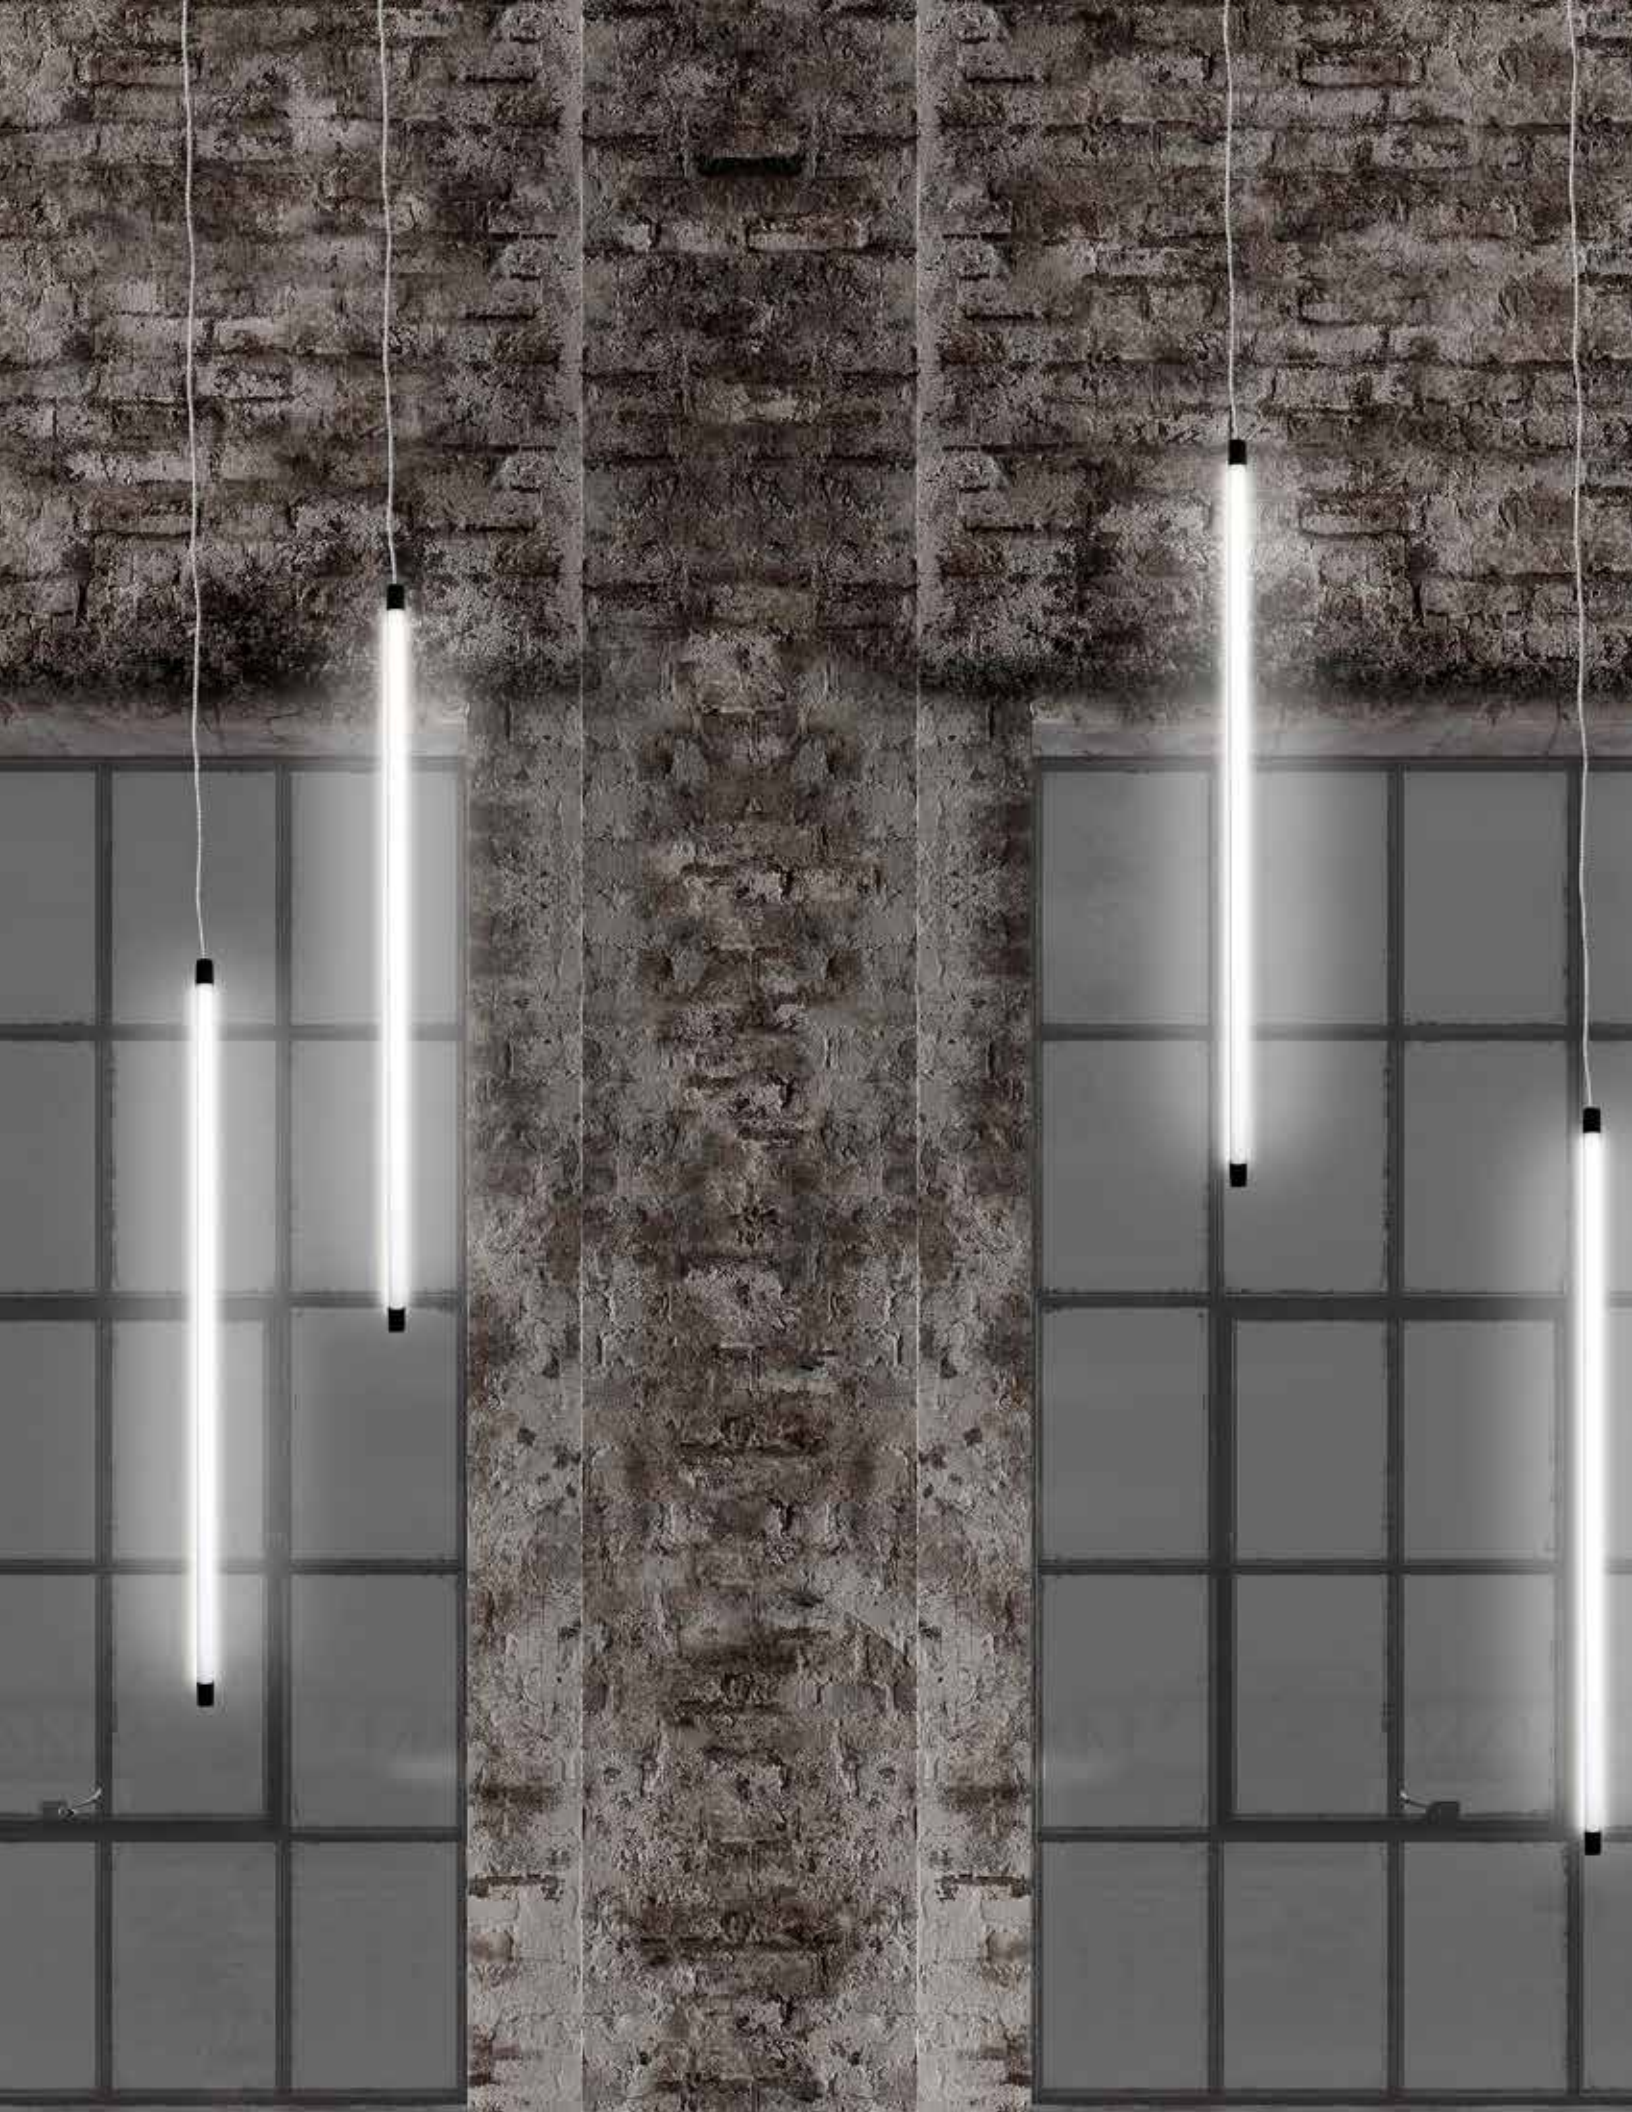

Printable Area: 600 x H 400 cm

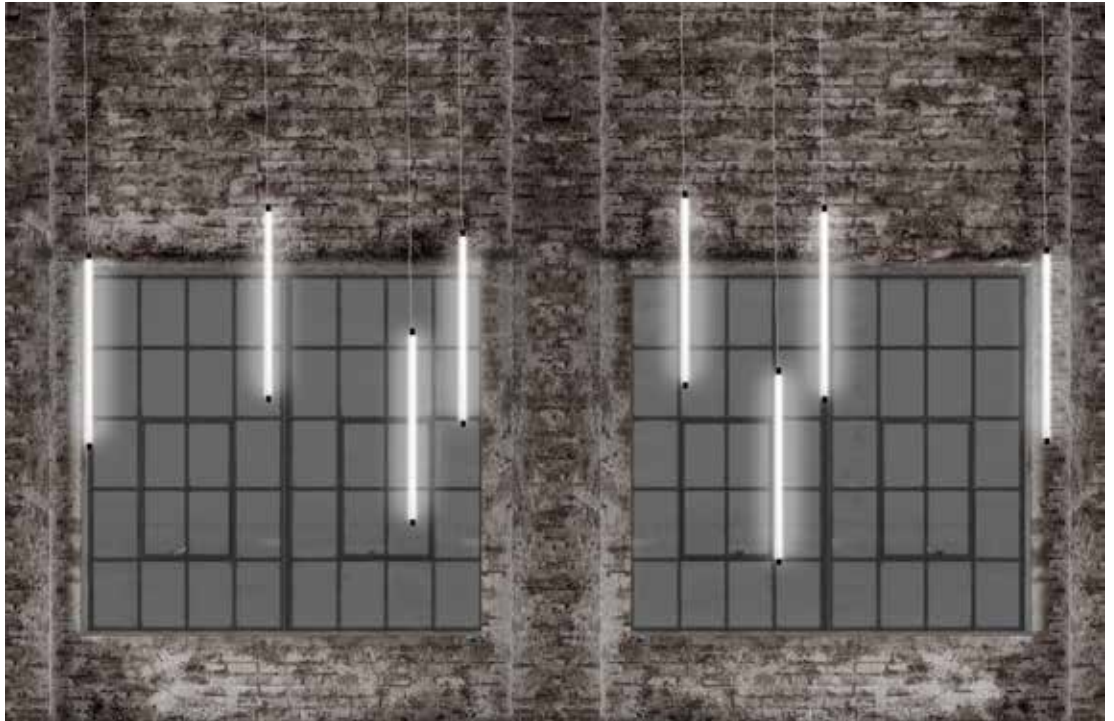

Technical Notes. The luminous bands can be moved and/or removed but cannot be changed in size.

Light+Light graphics can only be printed on vinyl supports.

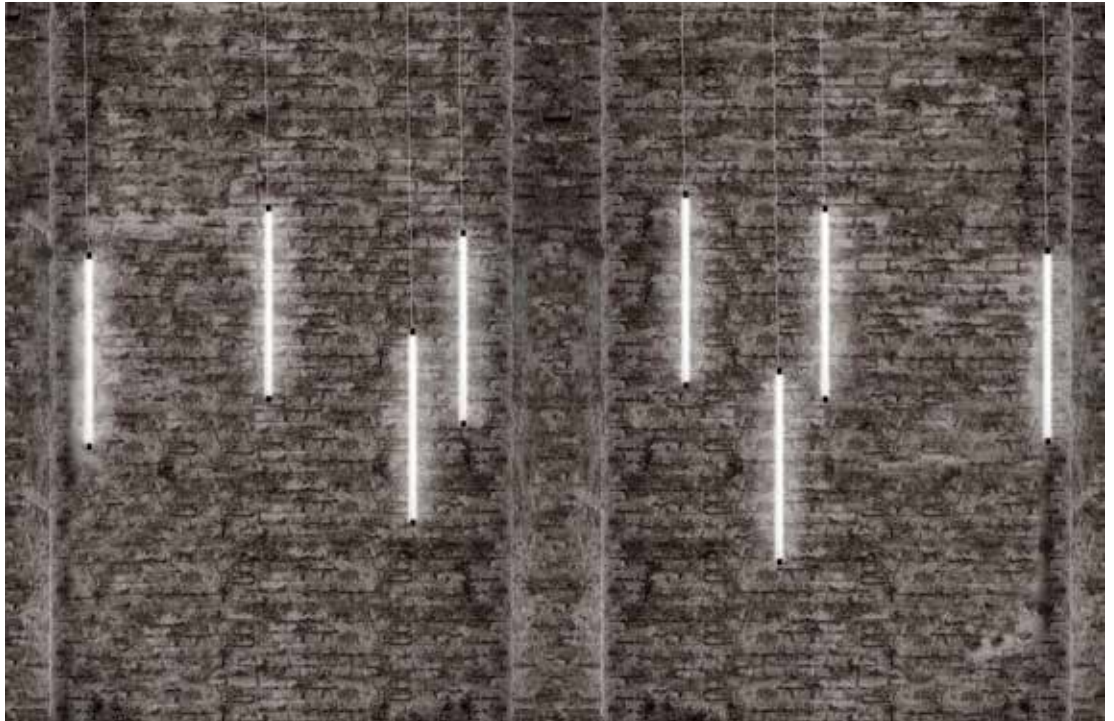

Luminescence. Areas covered with iridescent paint are charged with natural or artificial light and remain bright in the dark for a variable time of 2/3 hours.

Il progetto ideale per rendere unico un ambiente domestico, per impreziosire un ambiente ufficio, perfetto per un'architettura dallo stile loft o per un locale dal gusto metropolitano.

The ideal project to make a home environment unique, to enrich an office environment, perfect for a loft style

Light **Cut**

Dimensioni area luminescente. Spessore linea 1 cm

Area Stampabile: 600 x H 400 cm

Note Tecniche. Le linee luminose possono essere eliminate ma non possono essere spostate e/o variate nelle dimensioni.

Le grafiche Light+Light possono essere stampate solo su supporti vinilici.

Luminescenza. Le aree ricoperte con vernice iridescente si caricano con la luce naturale o artificiale e permangono luminose al buio per un tempo variabile di 2/3 ore.

Luminescent area size. Line thickness 1 cm

Printable Area: 600 x H 400 cm

Technical Notes. The luminous lines can be removed but cannot be moved and/or varied in the dimensions.

Light+Light graphics can only be printed on vinyl supports.

Luminescence. Areas covered with iridescent paint are charged with natural or artificial light and remain bright in the dark for a variable time of 2/3 hours.

Light **Unconsidered**

Dimensioni area luminescente. Triangolo 10 x H 100 cm

Area Stampabile: 600 x H 400 cm

Note Tecniche. I triangoli luminosi possono essere eliminati ma non possono essere spostati e/o variati nelle dimensioni.

Le grafiche Light+Light possono essere stampate solo su supporti vinilici.

Luminescenza. Le aree ricoperte con vernice iridescente si caricano con la luce naturale o artificiale e permangono luminose al buio per un tempo variabile di 2/3 ore.

Luminescent area size. Triangle 10 x H 100 cm

Printable Area: 600 x H 400 cm

Technical Notes. The luminous triangles can be removed but cannot be moved and/or varied in size.

Light+Light graphics can only be printed on vinyl supports.

Luminescence. Areas covered with iridescent paint are charged with natural or artificial light and remain bright in the dark for a variable time of 2/3 hours.

Light **Edi**

Dimensioni area luminiscente. Dimensione lampadina 10 x H 20 cm ca.

Area Stampabile: 600 x H 400 cm

Note Tecniche. Le lampadine luminose possono essere spostate e/o eliminate ma non possono essere variate nelle dimensioni.

Le grafiche Light+Light possono essere stampate solo su supporti vinilici.

Luminescenza. Le aree ricoperte con vernice iridescente si caricano con la luce naturale o artificiale e permangono luminose al buio per un tempo variabile di 2/3 ore.

Luminescent area size. Bulb dimension 10 x H 20 cm approx.

Printable Area: 600 x H 400 cm

Technical Notes. The luminous bulbs can be removed and/or moved but cannot be changed in size.

Light+Light graphics can only be printed on vinyl supports.

Luminescence. Areas covered with iridescent paint are charged with natural or artificial light and remain bright in the dark for a variable time of 2/3 hours.

Light **Paradise**

Dimensioni area luminescente. Disegno teschio 54 x H 84 cm

Area Stampabile: 600 x H 400 cm

Note Tecniche. I teschi luminosi possono essere spostati e/o eliminati ma non possono essere variati nelle dimensioni.

Le grafiche Light+Light possono essere stampate solo su supporti vinilici.

Luminescenza. Le aree ricoperte con vernice iridescente si caricano con la luce naturale o artificiale e permangono luminose al buio per un tempo variabile di 2/3 ore.

Luminescent area size. Skull dimension 54 x H 84 cm

Printable Area: 600 x H 400 cm

Technical Notes. The luminous skulls can be removed and/or moved but cannot be changed in size.

Light+Light graphics can only be printed on vinyl supports.

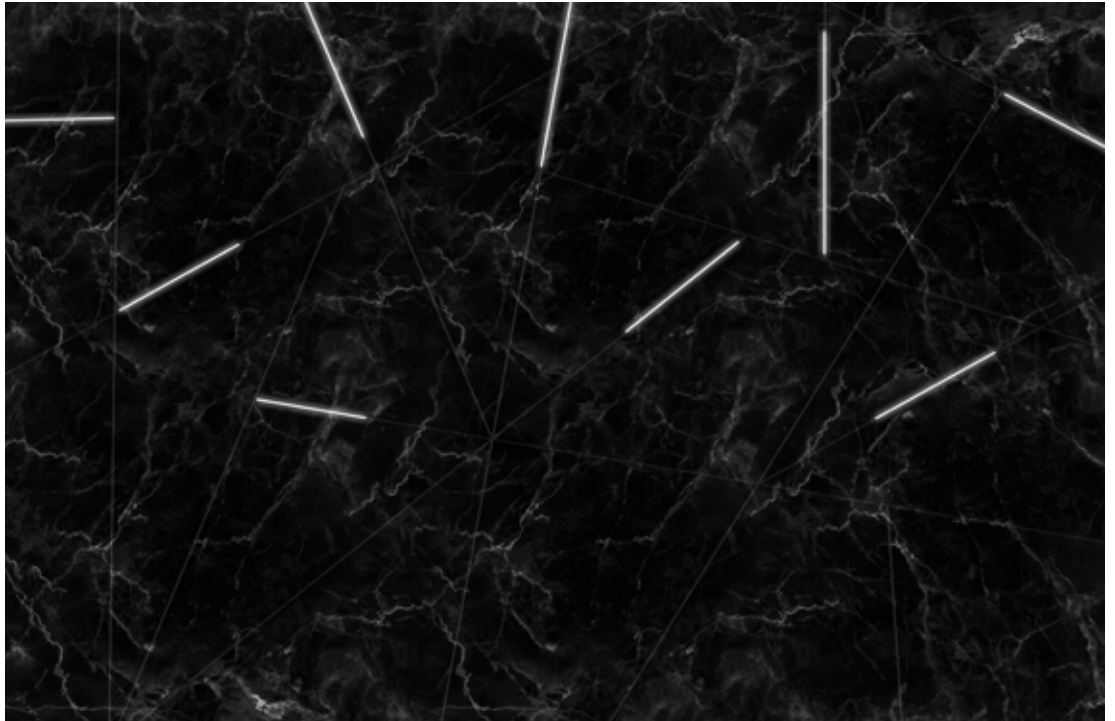

Luminescence. Areas covered with iridescent paint are charged with natural or artificial light and remain bright in the dark for a variable time of 2/3 hours.

Dimensioni area luminescente. Dimensione nuvola 64 x H 45 cm

Area Stampabile: 600 x H 400 cm

Note Tecniche. Le nuvole luminose possono essere spostate e/o eliminate ma non possono essere variate nelle dimensioni.

Le grafiche Light+Light possono essere stampate solo su supporti vinilici.

Luminescenza. Le aree ricoperte con vernice iridescente si caricano con la luce naturale o artificiale e permangono luminose al buio per un tempo variabile di 2/3 ore.

Luminescent area size. Cloud dimension 64 x H 45 cm

Printable Area: 600 x H 400 cm

Technical Notes. Luminous clouds can be removed and/or eliminated but cannot be changed in size.

Light+Light graphics can only be printed on vinyl supports.

Luminescence. Areas covered with iridescent paint are charged with natural or artificial light and remain bright in the dark for a variable time of 2/3 hours.

Light **Dreamcatcher**

Dimensioni area luminescente. Dimensione lucciole Ø 1 cm

Area Stampabile: 600 x H 400 cm

Note Tecniche. Le lucciole luminose possono essere spostate e/o eliminate ma non possono essere variate nelle dimensioni.

Le grafiche Light+Light possono essere stampate solo su supporti vinilici.

Luminescenza. Le aree ricoperte con vernice iridescente si caricano con la luce naturale o artificiale e permangono luminose al buio per un tempo variabile di 2/3 ore.

Luminescent area size. Fireflies dimension Ø 1 cm

Printable Area: 600 x H 400 cm

Technical Notes. The luminous fireflies can be removed and/or moved but cannot be changed in size.

Light+Light graphics can only be printed on vinyl supports.

Luminescence. Areas covered with iridescent paint are charged with natural or artificial light and remain bright in the dark for a variable time of 2/3 hours.

Light **Space**

Dimensioni area luminescente. Dimensione soggetti luminosi 20 x H 20 cm ca.

Area Stampabile: 600 x H 400 cm

Note Tecniche. I soggetti luminosi possono essere eliminati ma non possono essere spostati e/o variati nelle dimensioni.

Le grafiche Light+Light possono essere stampate solo su supporti vinilici.

Luminescenza. Le aree ricoperte con vernice iridescente si caricano con la luce naturale o artificiale e permangono luminose al buio per un tempo variabile di 2/3 ore.

Luminescent area size. Luminous subjects dimension 20 x H 20 cm approx.

Printable Area: 600 x H 400 cm

Technical Notes. The luminous subjects can be removed but cannot be moved and/or varied in the dimensions.

Light+Light graphics can only be printed on vinyl supports.

Luminescence. Areas covered with iridescent paint are charged with natural or artificial light and remain bright in the dark for a variable time of 2/3 hours.

Light **Freedom**

Dimensioni area luminescente. Dimensione uccellini 21 x H 14 cm ca.

Area Stampabile: 600 x H 400 cm

Note Tecniche. Gli uccellini luminosi possono essere eliminati e/o spostati ma non possono essere variati nelle dimensioni.

Le grafiche Light+Light possono essere stampate solo su supporti vinilici.

Luminescenza. Le aree ricoperte con vernice iridescente si caricano con la luce naturale o artificiale e permangono luminose al buio per un tempo variabile di 2/3 ore.

Luminescent area size. Luminous birds dimension 21 x H 14 cm approx.

Printable Area: 600 x H 400 cm

Technical Notes. The luminous birds can be removed and/or moved but cannot be changed in the dimensions.

Light+Light graphics can only be printed on vinyl supports.

Luminescence. Areas covered with iridescent paint are charged with natural or artificial light and remain bright in the dark for a variable time of 2/3 hours.

artkitchen

Materiali, natura, arte, skyline, colore, grafismi... le proposte di Instabilelab per rivestire gli schienali della cucina sono originali e adatte a qualunque stile d'arredo, dal classico al moderno. Il materiale in fibra di vetro assicura resistenza all'acqua e al calore e può essere disinfettato senza intaccare i colori della carta che durano inalterati nel tempo.

Materials, nature, art, skyline, color, graphics... Instabilelab's solutions to cover the kitchen backsplash are original and suitable for any style of furniture, from classic to modern. The fiberglass material ensures resistance to water and heat and can be cleaned without affecting the colors of the paper, which remain unchanged over time.

book**Access**

book**Access**

D'impatto, modulare, d'arredo, BOOK ACCESS è un progetto unico nel suo genere. Oltre a creare un effetto decorativo, dispone di moduli contenitori perfettamente integrati con la grafica a parete. I cubi, chiusi o a giorno, fissati a muro creano un'illusione ottica estetica e funzionale al tempo stesso.

High impact, modular, furniture, BOOK ACCESS is a unique project. In addition to creating a decorative effect, it offers storage modules perfectly integrated with the wall graphics. Such functional cubes, closed or open, are fixed to the wall thus creating an optical illusion.

Books on a shelf, including titles like 'The Western Art' and 'L'arte di Venezia'.

ETH GOD

La libreria è stata progettata con un'alternanza di oggettistica e libri di vario stile.

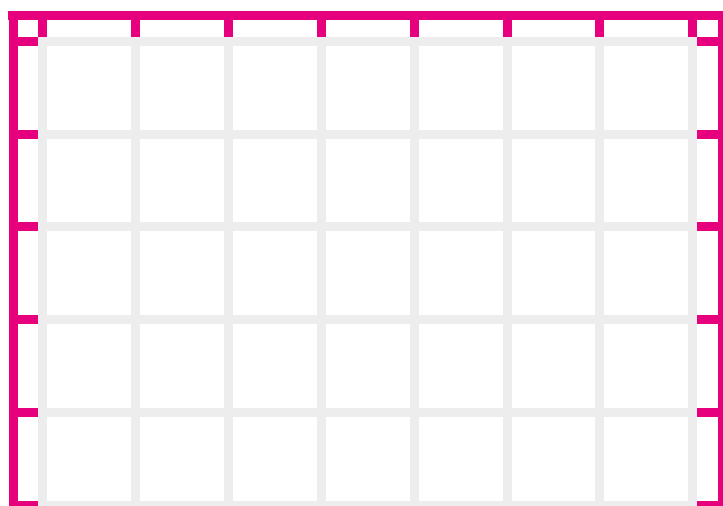

Su richiesta è possibile modificare la grafica stampata sulle ante dei cubi contenitori e la posizione degli oggetti.

The bookcase has been designed with an alternation of objects and books of various styles.

On request it is possible to customize the graphics printed on the doors of the storage cubes and the position of the objects.

Dettaglio ingrandito / Detail

■ Adattamento della libreria alle dimensioni della parete.
Adaptation of the bookcase to the wall size.

■ Struttura a moduli della libreria BOOK ACCESS
Modules structure of the bookcase BOOK ACCESS

Progettazione laying solution

BOOK ACCESS è progettata in base alle misure della parete, che devono essere fornite dal cliente precise al millimetro, in quanto non sono previste abbondanze perimetrali. I moduli aggiuntivi BA CUBE e BA CUBE PRINT possono essere applicati in qualsiasi posizione a piacere nella parete, tranne negli spazi più ristretti creati per l'adattamento (vedi zona in colore rosso sul disegno).

BOOK ACCESS is designed according to the measurements of the wall, which must be provided by the customer accurate to the millimeter, as there are no perimeter abundances. BA CUBE and BA CUBE PRINT add-on modules can be applied in any position on the wall, except in the narrowest spaces created for adaptation (see red area on the drawing).

Book Access Cube

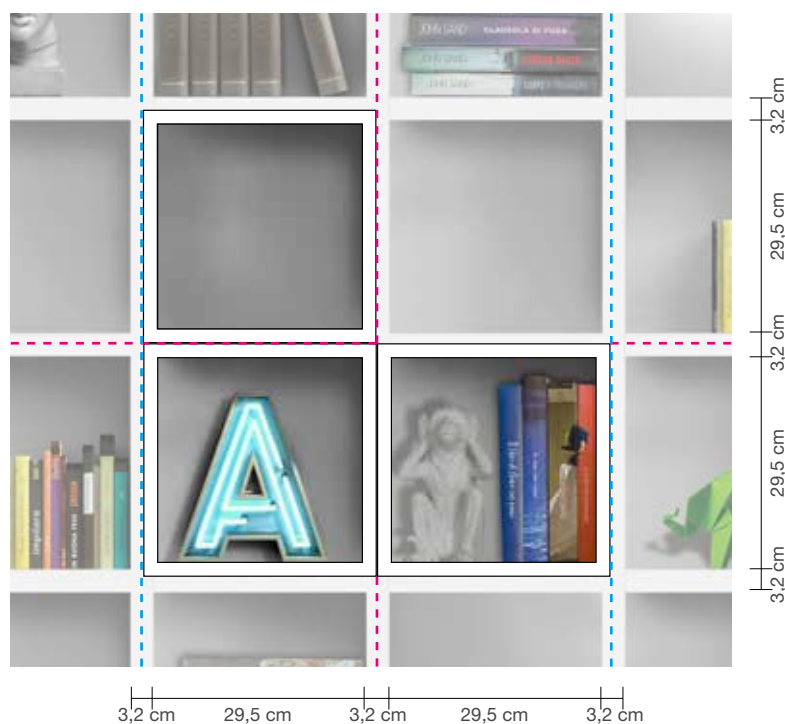

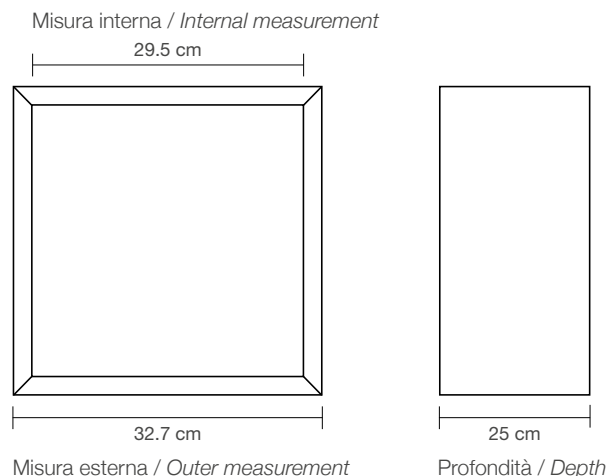

La libreria BOOK ACCESS può essere arricchita da pratici moduli contenitori a giorno o con anta apribile.

Le ante possono essere personalizzate con tutte le grafiche disponibili, libri di varie forme e dimensioni, oggettistica vintage o dal design moderno.

The BOOK ACCESS bookcase can be enriched with practical storage modules supplied with or without opening door.

The doors can be customized with all available graphics, books of various shapes and sizes, vintage or modern design objects.

Note tecniche e dimensioni d'ingombro di BOOK ACCESS CUBE
Technical note and dimension of the BOOK ACCESS CUBE

BA Cube/BA Cube Print technical note

BOOK ACCESS è un progetto dotato di due moduli pensili che rispecchiano nella forma e nella componibilità ciò che è rappresentato nella stampa della carta da parati. I due accessori sono così composti: BOOK ACCESS CUBE a giorno con schienale; BOOK ACCESS CUBE PRINT con schienale e anta con apertura push-pull stampata con 10 motivi a scelta. Gli elementi oltre a creare un effetto tridimensionale assolvono alla funzione di contenimento lasciando la possibilità di personalizzare e di rendere unica nel suo genere questa soluzione d'arredo.

BOOK ACCESS is a project with two hanging modules that reflect in shape and modularity what is represented in the wallpaper printing. The two accessories are composed as follows: Book ACCESS CUBE open with backrest and BOOK ACCESS CUBE PRINT with backrest and door.
